Department of Interior Bureau of Land Management Headquarters Recreation and Visitor Services

KIDS TOWNE PARK PATH

The City of Clinton plans to submit application to the Department of Interior Bureau of Land Management Headquarters Recreation and Visitor Services for construction of a recreational path to be located adjacent to Kids Towne Park in Clinton. The paved path will be approximately 3,500 feet in length and will further enhance the recreational opportunities available to the residents within the City of Clinton. Once this path is completed this park area will encompass the Kids Towne Park, the City of Clinton Dog Park and the newly completed Pickleball Courts.

Should you have any comments, questions or concerns regarding the Department of Interior Bureau of Land Management Headquarters Recreation and Visitor Services please email Adam Wade, Parks and Recreation Director at awade@clintonms.org.
